## Program Description

SBU offers students the opportunity to study for four weeks in Rome, the eternal city, known for its classical architecture such as the Colosseum and The Forum. This study abroad program, established over 30 years ago, enables participants to gain first-hand knowledge of contemporary Italy while fulfilling Diversified Education Curriculum (DEC), upper-division, or major/minor requirements!

The curriculum offers students an understanding of Italian history, politics, and culture. In conjunction with classes, visits will be made to the city's artistic and historical landmarks such as St. Peter's Cathedral and Piazza di Spagna. Planned group excursions include Venice, Assisi, Florence, Naples, Capri, Pompeii, the Amalfi Coast and Tivoli.

*"Just go! And once you do- try everything, absorb it all, and keep a journal because you'll experience so much and never want to forget." Camille Weidner, Summer 2016*

*"It is easier (and more fun!) to understand and learn about history and culture while being out and exploring historical or cultural sites." Amy Woo, Winter 2015*

*"Be open to new things when studying abroad. It's an enlightening experience. When you learn to accept that you're out of your comfort zone, you can learn to appreciate both your culture and the other culture and the way of living." Kelly Smith, Winter 2015*
